

## CLICANA®

Olicana<sup>®</sup> made its commercial debut in 2014. It is a sister of Jester<sup>®</sup> and a daughter of Cascade. Olicana<sup>®</sup> is also available processed as a T45 pellet.

The delicate fruity aromatics of Olicana® are most apparent when used as a dry hop or in lighter bodied beers. The T45 pellets provide a greater concentration of it's flavour characteristics allowing it to shine in more robust brews.
